CLIMBING ROSES

Floradora Climber	1000	--
Peace Climber	1000	370
Picture Climber	--	130

Figure 1. Schematic diagram of the experimental setup. The subject is seated in a chair and views the target through a video camera. The target is a light source that is controlled by a computer. The subject's hand is positioned over the target. The distance between the hand and the target is 10 cm. The target is a light source that is controlled by a computer. The subject's hand is positioned over the target. The distance between the hand and the target is 10 cm.

[Faint handwritten notes]

[illegible]

... ..

Three small diagrams showing different types of triangles: an equilateral triangle, an isosceles triangle, and a scalene triangle.
